PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
APRIL 17, 1997

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of NorthWest Indiana Bancorp (the "Company"), of proxies to be voted at the Annual Meeting of Shareholders (the "Meeting") to be held at 8:30 A.M., on Thursday, April 17, 1997, at Wicker Park Social Center, located in Highland, Indiana, for the purposes set forth in the accompanying Notice of Annual Meeting. The Board of Directors knows of no matters, other than those reported below, which are to be brought before the Meeting. However, if other matters properly come before the Meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their judgment on such matters.

At the close of business on February 28, 1997, the record date for the Meeting, there were 1,380,846 shares of the Company's Common Stock outstanding and entitled to vote at the Meeting. (All share numbers herein are rounded to the nearest whole share. In addition, all share numbers herein have been adjusted to the extent necessary to reflect a two-for-one stock split offered as a share dividend on December 2, 1996.) On all matters, including the election of directors, each shareholder will have one vote for each share held.

If the enclosed form of proxy is executed and returned, it may nevertheless be revoked at any time prior to the time it is voted. A proxy may be revoked by written notice to the Company's Secretary or by attendance at the Meeting.
UNLESS REVOKED, A PROXY WILL BE VOTED AT THE MEETING IN ACCORDANCE WITH THE INSTRUCTIONS THEREON, OR, IF NO INSTRUCTIONS ARE GIVEN, FOR THE ELECTION AS DIRECTORS OF ALL NOMINEES LISTED UNDER PROPOSAL 1 AND FOR ALL OTHER PROPOSALS. Directors will be elected by a plurality of the votes cast. Each other proposal is subject to the vote of the holders of a greater number of shares favoring such proposal than those opposing it. A proxy may indicate that all or a portion of the shares represented by such proxy are not being voted with respect to a specific proposal. This could occur, for example, when a broker is not permitted to vote shares held in street name on certain proposals in the absence of instructions from the beneficial owner. Shares that are not voted with respect to a specific proposal will be considered as not present and entitled to vote on such proposal, even though such shares will be considered present for purposes of determining a quorum and voting on other proposals. Abstentions on a specific proposal will be considered as present, but not as voting in favor of such proposal. Because none of the proposals to be considered at the meeting requires the affirmative vote of a specified number of outstanding shares (they require only a plurality or a majority of the shares voted), neither the non-voting shares nor abstentions on a specific proposal will affect the determination of

whether such proposal will be approved.

The cost of this solicitation will be borne by the Company. In addition to solicitation by mail, the Company's directors, officers and regular employees may solicit proxies personally or by telephone without additional compensation. It is expected that this Proxy Statement and the accompanying Notice of Annual Meeting and form of proxy will first be mailed to shareholders on or about March 25, 1997.

ELECTION OF DIRECTORS
(Proposal No. 1)

NOMINEES

The Company currently has eight directors divided into two classes of three directors each and one class of two directors, with the term of one class expiring each year. Each director serves until the annual meeting of shareholders held in the year that is three years after such director's election and thereafter until such director's successor is elected and qualified. Each of the Company's directors also serves on the Board of Directors of the Company's wholly owned subsidiary, Peoples Bank SB (the "Bank"), for a term running concurrently with his or her term on the Company's Board of Directors.

The nominees whose terms expire this year are David A. Bochnowski and Jerome F. Vrabel. Each has been nominated by the Board of Directors for reelection as a director for a term to expire at the 2000 annual meeting of shareholders and until his successor is elected and has qualified. It is the intention of the persons named in the accompanying form of proxy, absent contrary instructions thereon, to vote such proxy for the election to the Board of Directors of these two individuals. Each nominee has consented to be named herein and to serve as a director if elected. However, if any nominee becomes unavailable for election, it is the intention of the persons named in the accompanying form of proxy to nominate such other person as director as they may in their discretion determine, in which event the shares will be voted for such other person.

Unless otherwise indicated in a footnote to the following table, the principal occupation of each director and nominee has been the same for the last five years, and each such director or nominee possesses sole voting and investment power with respect to the shares of Common Stock indicated as beneficially owned by him or her.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors conducts its business through meetings of the Board and its committees. During the year ended December 31, 1996, the Board held seven meetings. No director attended fewer than 75% of the total meetings of the Board of Directors and committees on which such Board member served.

The Board of Directors has appointed an Audit Committee composed of Directors Crandall, Wadas and Dennison. The Audit Committee functions as the Company's liaison with its external auditors and reviews audit findings presented by the Company's internal auditor. The Audit Committee, along with the external auditors and internal auditor, monitors controls for material weaknesses and/or improvements in the audit function. The Audit Committee also monitors or, if necessary, establishes policies designed to promote full disclosure of the Company's financial condition. The Audit Committee is independent of management. During the year ended December 31, 1996, the Audit Committee held three meetings.

The Board of Directors has appointed a Compensation Committee composed of Directors Bochnowski, Dennison, Gray and Vrabel. The Compensation Committee is responsible for reviewing, determining and establishing the compensation of directors and (as the Bank's Compensation Committee) the salaries, bonuses and other compensation of the executive officers of the Bank. During the year ended December 31, 1996, the Compensation Committee held two meetings.

The Board of Directors has not appointed a Nominating Committee. It has, however, appointed an Executive Committee, composed of Directors Bochnowski, Crandall and Dennison. The Executive Committee is authorized to exercise the powers of the Board of Directors between regular Board meetings, except with respect to the declaration of dividends and other extraordinary corporate transactions. All actions of the Executive Committee are reviewed and ratified by the full Board of Directors.

</TABLE>

COMPENSATION OF DIRECTORS

All directors who are not also officers of the Company or the Bank receive an annual director's fee from the Bank of \$13,733.

EMPLOYMENT AGREEMENT

The Bank entered into an employment agreement with David A. Bochnowski as President and Chief Executive Officer, effective March 1, 1988 and amended January 18, 1992. The agreement has a three-year term and provides for annual extensions for additional one-year terms, subject to annual review by the Bank's Board of Directors, unless Mr. Bochnowski gives written notice that the agreement will not be extended

-5-

further. The agreement provides for a minimum annual salary of \$150,000 and for annual salary review by the Board of Directors, as well as inclusion of Mr. Bochnowski in any discretionary bonus plans, customary fringe benefits, vacation and sick leave. The agreement is terminable by the Bank for "cause", defined in the agreement as termination for dishonesty, incompetence, willful misconduct, breach of fiduciary duty involving personal profit, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or similar minor offenses) or final cease-and-desist order or a material breach of the agreement. If the Bank were to terminate Mr. Bochnowski without cause, or in the event of his death during the term of the agreement, Mr. Bochnowski or his estate would be entitled to a continuation of his salary for a period of one year thereafter. Mr. Bochnowski may terminate his agreement upon three months' notice to the Bank.

The agreement provides that in the event of the termination of Mr. Bochnowski's employment after any change in "control" of the Company or a change in the capacity or circumstances in which he is employed as contemplated by the agreement, he will be promptly paid a sum equal to 2.99 times the average annual compensation he received during the five-year period immediately prior to the date of change of control. "Control" is defined in the agreement by reference to the control determinations set forth in federal banking regulations, which generally define "control" as the acquisition by any person or entity of the ownership or power to vote more than 25% of the stock of a bank or its holding company, although under certain circumstances control may occur upon the acquisition of 10% of such stock unless successfully rebutted.

Mr. Bochnowski's agreement provides that in the event he becomes disabled during the term of the agreement, he shall continue to receive his full compensation for the first 18 months from the date of such disability, at which time the Bank may terminate the agreement and Mr. Bochnowski shall receive 60% of his monthly salary at the time he became disabled until the earlier of his death or his normal retirement date under the Bank's Pension Plan. The agreement provides that these amounts shall be offset by any amounts paid to Mr. Bochnowski under any other disability program maintained by the Bank. The agreement also requires the Bank to maintain term insurance on Mr. Bochnowski's life in the amount of \$750,000, payable to his designated beneficiaries.

1994 STOCK OPTION AND INCENTIVE PLAN

The Board of Directors adopted the 1994 Stock Option and Incentive Plan (the "Option Plan"), which was approved by shareholders at the 1994 annual meeting. Pursuant to the Option Plan, an aggregate of 120,000 shares of the Company's Common Stock are reserved for issuance in respect of incentive awards granted to officers and other employees of the Company and the Bank. Awards granted under the Option Plan may be in the form of incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-incentive stock options or restricted stock. The purposes of the Plan are to attract and retain the best available personnel, to provide additional incentives for all employees and to encourage their continued employment by facilitating employees' purchases of an equity interest in the Company. The Option Plan is administered by a committee composed of Directors Dennison, Gray and Vrabel, none of whom is eligible to receive awards under the Plan. The committee has discretion as to the persons who will receive awards and in what amount. As of December 31, 1996, approximately 88 employees were

eligible to be considered for incentive awards under the Option Plan.

BENEFITS

Profit Sharing Plan and Trust (Pension). The Bank maintains a Profit Sharing Plan and Trust (the "Pension Plan") for the benefit of its eligible employees. All employees are eligible to participate in the Pension Plan if they have completed one year of employment with more than 1,000 hours of service, and have reached their 21st birthday. This plan is non-contributory on the part of the employee. Each plan year the Bank's Board of Directors determines the amount to be contributed by the Bank. This contribution is discretionary and is based on the Bank's financial performance. During the year ended December 31, 1996, the Bank contributed \$185,417 to the Pension Plan. The amounts of these contributions on behalf of the executive officers named in the Summary Compensation Table are included in that table under the column "All Other Compensation." Pension benefits vest on the following scale: two years of service, 40% of benefits accrued through the prior fiscal year; three years of service, 60% of benefits accrued through the prior fiscal year; four years of service, 80% of benefits accrued through the prior fiscal year; and five years of service, 100% of benefits accrued through the prior fiscal year. The normal retirement age is the first day after reaching age 65, at which time the employee is entitled to receive 100% of the contributions previously made.

Employee Stock Ownership Plan. The Bank adopted an Employee Stock Ownership Plan (the "ESOP") effective July 1, 1990. The purpose of the ESOP is to assist employees in the accumulation of funds for retirement and to enhance the interest of employees in the Bank's efficient and successful operation. All employees are eligible to participate in the ESOP upon reaching the age of 21 and completing one year of employment and 1,000 hours of service. Each year, a contribution is made to the ESOP of the Company's Common Stock, cash, or any combination of Common Stock and cash, as determined by the Board of Directors. The amounts of these contributions credited to the accounts of the executive officers named in the Summary Compensation Table are included in that table under the column "All Other Compensation." All contributions to the ESOP must be invested primarily in the Company's Common Stock. All Common Stock contributed to the ESOP is credited to eligible participants in proportion to each participant's compensation. Contributions and earnings allocated to each participant's account vest at the rate of 40% after two years of service and 20% for each year thereafter until the participant becomes 100% vested after five years of service. Participants also become immediately 100% vested upon attaining age 65, or in the event of disability or death. Participants who retire may elect to receive distributions from the ESOP in a lump sum or in annual installments extending over a period not exceeding the lesser of five years or the maximum period permitted by law. Other participants who terminate employment may elect to receive distributions in a lump sum. For the fiscal year ended December 31, 1996, the Bank did not make a contribution to the ESOP. At December 31, 1996, there were 1,114 shares of the Company's Common Stock held under the ESOP and allocated to participants.

-8-

401(k) Plan. The Bank maintains a 401(k) defined contribution retirement plan for the benefit of its eligible employees. All employees are eligible to participate in the plan if they have completed one year of employment and 1,000 hours of service and have reached their 21st birthday. This plan is non-contributory on the part of the Bank. Participating employees may elect to contribute up to ten percent of their compensation on a pre-tax basis into the plan through regular payroll deduction. Such funds will be invested as directed by participants into eight investment options. All participants are always 100% vested in their contributions and the earnings on their investments. Distributions of participant account assets can occur upon retirement, for hardship, upon attainment of age 59 1/2, upon disability, upon the death of the participant and upon termination of service. The normal retirement age is 65; participants may request early retirement distribution upon retirement and reaching age 55. Participants may obtain loans from the plan pursuant to uniform provisions meeting the requirements of the Code, using their account assets as collateral.

Deferred Compensation Plan (the "Deferred Compensation Plan") during 1995. The purpose of the Deferred Compensation Plan is to provide deferred compensation to key senior management employees of the Bank in order to recognize their substantial contributions to the Bank and to provide them with additional financial security as inducement to remain with the Bank. The Deferred Compensation Plan is administered by the Bank's Compensation Committee. In order to be eligible for participation in the Deferred Compensation Plan, an employee must hold a key management, full-time position in which he has the opportunity to impact significantly on the annual operating success of the Bank. Of those eligible employees, the Compensation Committee selects which persons shall be participants in the Deferred Compensation Plan. Participants' accounts are credited each year with an amount based on a formula involving the participant's employer- funded contributions under all qualified plans and the limitations imposed by Code subsection 401(a)(17) and Code section 415. Following the cessation of the employment of the participant by the Bank for any reason, including the participant's death, the participant's account is distributed to the participant (or, in the event of his death, to his designated beneficiary) in a lump sum cash payment. Currently, David A. Bochnowski is the only participant in the Deferred Compensation Plan. For the year ended December 31, 1996, the Bank credited \$2,868 to Mr. Bochnowski's account under the Deferred Compensation Plan. This amount is included in Mr. Bochnowski's compensation in the Summary Compensation Table under the column "All Other Compensation."

Bank Loans. From time to time, the Bank makes loans to the Company's directors and officers and their family members. All of such loans are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and do not involve more than the normal risk of repayment or present other unfavorable features. Loans made to a director or executive officer in excess of \$50,000 must be approved in advance by the disinterested members of the Bank's Board of Directors.

Health and Insurance Benefits. The Bank provides health and accident benefits for all full-time employees. Dependent coverage is provided at the employee's expense through a group insurance plan upon request. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors establishes the compensation of the Bank's executive officers. In setting compensation levels, the Company seeks to create a cost-effective and fair

-9-

package that will attract, retain, and motivate the finest employees available to the Company and the Bank. The Bank compensates each executive officer based primarily on the following factors:

- * The executive's level of job responsibility and performance;
- * The Company's performance; and
- * Compensation available from comparable companies and rivals for an executive's services.

The Company structures compensation to motivate executives to achieve the Company's strategic goals. Accordingly, executive compensation is linked to the Company's short-term and long-term performance.

Stock options, for example, provide a direct link between executive compensation and long-term creation of shareholder value. Customarily, options awarded by the Company do not become exercisable until five years after the grant (barring a change in control in the Company). Further, the options are forfeited immediately upon the termination of employment of an executive for cause or for any reason other than death, disability, or retirement. An Options Committee, composed of Compensation Committee members Dennison, Gray, and Vrabel, proposed awards of options for 1996 based upon 1) the Company's return to shareholders for the year, 2) each executive's performance relative to specific goals, and 3) the Company's achievement of strategic goals. Options were awarded as set forth in the "Option Grants" table above.

Similarly, the Bank's incentive plan provides additional compensation based upon the Company's performance relative to targets set for return on assets, return on equity, and earnings per share. The Board directed the Compensation Committee to exclude from its consideration of the Company's performance relative to its 1996 targets the one-time special assessment on deposits imposed pursuant to the Deposit Insurance Funds Act of 1996, which assessment management could not account for at the time it set the 1996 targets. With this adjustment,

the Company's performance satisfied conditions for payments under the incentive plan.

Finally, the Committee attempted to maintain the Company's compensation package at a level consistent with compensation paid by comparable firms. The Committee considered various surveys, including those available from Sheshunoff, Cole Financial, Inc. and America's Community Bankers.

David A. Bochnowski's compensation for 1996 was determined in accordance with the same procedures and standards as for the other executive officers of the Company; however, Mr. Bochnowski does not vote upon his own compensation, his option awards under the Company's Option Plan, or his bonus awards under the Bank's incentive plan. Further, for 1996, the Committee procured a report on chief executive officer compensation from Cole Financial, Inc. to assist the Committee in evaluating Mr. Bochnowski's compensation under the comparability standards described above. Taking into account the Company's asset and net income growth, return on assets and return on equity results, and operating expenses, the Cole Report concluded that Mr. Bochnowski's cash compensation (salary plus incentive) was adequate when compared to similarly performing peers. The Board of Directors and the Compensation Committee approved Mr. Bochnowski's compensation for 1996.
