## NORTHWEST INDIANA BANCORP

## ANNOUNCES EARNINGS FOR THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2014

Munster, Indiana - NorthWest Indiana Bancorp (the "Bancorp"), the holding company for Peoples Bank (the "Bank"), reported earnings of \$1.9 million for the three months ended September 30, 2014, and earnings of $\$ 5.7$ million for the nine months ended September 30, 2014. At September 30, 2014, the Bancorp's assets totaled $\$ 781.7$ million compared to $\$ 693.5$ million at December 31, 2013, an increase of $\$ 88.3$ million or $12.7 \%$.

The earnings of $\$ 1.9$ million for the three months ended September 30, 2014, represent $\$ 0.67$ earnings per basic and diluted share. For the third quarter of 2014 , the return on average assets (ROA) was $0.98 \%$ and the return on average equity (ROE) was $10.34 \%$.

The earnings of $\$ 5.7$ million for the nine months ended September 30, 2014, represent $\$ 1.99$ earnings per basic and diluted share. For the nine months ended September 30,2014 , the ROA was $1.00 \%$ and the ROE was $10.51 \%$.

Comparing 2014 to 2013 results, the Bancorp's earnings reported as of September 30, 2014, decreased by $19.5 \%$ for the three-month period and $1.5 \%$ for the nine-month period, due to a one-time interest income enhancement that occurred during July 2013, which did not recur in the third quarter of 2014. During the third quarter of 2013, the Bancorp collected $\$ 1.4$ million in back interest from the payoff of a $\$ 4.3$ million out-of-market participation loan.

Excluding this one-time interest income enhancement, the Bancorp's 2014 earnings increased by $43.1 \%$ for the three months ended September 30 , 2014 and $20.1 \%$ for nine months ended September 30, 2014. See Table 1 below for a reconciliation of these non-GAAP figures to the Bancorp's GAAP net income.
"The Bank's operating results are consistent with our strategic projections for the year and are on track for another solid year of earnings growth," said David A. Bochnowski, Chairman and Chief Executive Officer. "Core income continues to advance our results as the Bank effectively offset a non-recurring $\$ 1.4$ million income enhancement during the third quarter of last year. Taking that event into account, the Bank's earnings are up $20.2 \%$ during the last nine months," Bochnowski noted.

Bochnowski also attributed the Bank's performance to the successful completion of the acquisition of the former First Federal of Hammond, an $8.4 \%$ increase in loan originations during the first nine months of the year, a $10.2 \%$ increase in income for banking operations and Wealth Management activities, and stable core expenses.

Ben Bochnowski, Chief Operating Officer, added that "the Peoples team has been highly focused in 2014 on our core businesses, and the results thus far speak for themselves. This high level of performance has allowed us to make investments that drive the Bank's strategic plan, from expanding the lending team to bringing exciting new technologies on-line."

Bochnowski also said "we are all focused on delivering an unparalleled customer experience, while at the same time delivering an unparalleled electronic banking experience. We have blended a high-touch approach to banking with high-tech investments that really set us apart in the local market."

## Net Interest Income

Net interest income, the difference between interest income from loans and investments and interest expense paid to funds providers, totaled $\$ 6.6$ million for the three months ended September 30, 2014, compared to $\$ 7.1$ million for the three months ended September 30, 2013, a decrease of $\$ 526$ thousand or $7.4 \%$. The Bancorp's net interest margin on a tax adjusted basis was $3.87 \%$ for the three months ended September 30, 2014, compared to $4.55 \%$ for the three months ended September 30, 2013. For the nine months ended September 30, 2014, net interest income totaled $\$ 18.9$ million, compared to $\$ 18.7$ million for the nine months ended September 30 , 2013, an increase of $\$ 237$ thousand or $1.3 \%$. The Bancorp's net interest margin on a tax adjusted basis was $3.85 \%$ for the nine months ended September 30,2014 , compared to $4.04 \%$ for the nine months ended September 30, 2013. The strong net interest income results for 2013, were aided by the collection of $\$ 1.4$ million in back interest from the payoff of a $\$ 4.3$ million out-ofmarket participation loan. During 2014, the Bancorp's net interest income and net interest margin were positively impacted by strong balance sheet growth, as interest earning assets increased by $\$ 86.9$ million or 13.5\% since December 31, 2013.

## Noninterest Income

Noninterest income from banking activities totaled $\$ 1.5$ million for the three months ended September 30, 2014, compared to $\$ 1.3$ million for the three months ended September 30, 2013, an increase of $\$ 183$ thousand or $14.2 \%$. For the nine months ended September 30, 2014, noninterest income totaled $\$ 4.6$ million, compared to $\$ 4.1$ million for the nine months ended September 30, 2013, an increase of $\$ 423$ thousand or $10.2 \%$. The increase in noninterest income for both periods is related to wealth management operations, gains from loan sales, fees from banking operations and an increase in the cash value of bank owned life insurance.

## Noninterest Expense

Noninterest expense related to operating activities totaled $\$ 5.4$ million for the three months ended September 30, 2014, compared to $\$ 5.0$ million for the three months ended September 30, 2013, an increase of $\$ 337$ thousand or $6.7 \%$. For the nine months ended September 30, 2014, noninterest expense totaled $\$ 15.5$ million, compared to $\$ 14.7$ million for the nine months ended September 30, 2013, an increase of $\$ 848$ thousand or $5.8 \%$. The increase in noninterest expense for both periods is related to one-time costs related to the Bancorp's recent acquisition, added operating expenses from the acquired bank and costs incurred to enhance organic growth.

## Funding

At September 30, 2014, core deposits totaled $\$ 441.8$ million, an increase of $\$ 24.6$ million or $5.9 \%$, compared to December 31, 2013. Core deposits include checking, savings, and money market accounts and represented $70.0 \%$ of the Bancorp's total deposits at September 30, 2014. The increase in core deposits is a result of Management's sales efforts along with customer preferences for short-term liquid investments in the current low interest rate environment. The Bancorp has experienced strong growth in consumer, business and public fund core accounts. During the first nine months of 2014, certificate of deposit balances increased by $\$ 33.8$ million or $21.7 \%$, compared to December 31, 2013. The growth in certificates of deposit is primarily related to the Bancorp's recent acquisition. In addition, at September 30, 2014, borrowings and repurchase agreements totaled $\$ 64.2$ million, an increase of $\$ 19.3$ million or $42.9 \%$, compared to December 31,2013 . The increase in borrowed funds is a result of funding balance sheet growth opportunities.

## Lending

The Bancorp's loan portfolio totaled $\$ 491.6$ million at September 30, 2014, an increase of $\$ 53.8$ million or $12.3 \%$, compared to December 31, 2013. During the first nine months of 2014, the Bancorp originated $\$ 170.3$ million in new loans, an increase of $\$ 13.2$ million or $8.4 \%$, compared to the first nine months of 2013 . Loan balances consisting of residential mortgage loans and home equity lines of credit acquired in the recent acquisition totaled $\$ 29.1$ million. During the nine months ended September 30 , 2014 commercial, construction and government related loans increased by $\$ 26.4$ million in the aggregate. During the nine months ended September 30, 2014, $\$ 17.3$ million of newly originated fixed rate mortgage loans were sold into the secondary market.

## Investing

The Bancorp's securities portfolio totaled $\$ 216.5$ million at September 30, 2014, compared to $\$ 194.3$ million at December 31, 2013, an increase of $\$ 22.2$ million or $11.4 \%$. The securities portfolio represents $29.6 \%$ of earning assets and provides a consistent source of earnings to the Bancorp. Cash \& cash equivalents totaled $\$ 28.0$ million at September 30, 2014, compared to $\$ 21.1$ million at December 31, 2013, an increase of $\$ 6.9$ million or $32.5 \%$.

## Asset Quality

At September 30, 2014, non-performing loans totaled $\$ 6.0$ million, compared to $\$ 4.0$ million at December 31, 2013, an increase of $\$ 2.0$ million. The Bancorp's ratio of non-performing loans to total loans was $1.21 \%$ at September 30, 2014, compared to $0.90 \%$ at December 31, 2013. In addition, the Bancorp's ratio of non-performing assets to total assets was $1.20 \%$ at September 30, 2014, compared to $0.91 \%$ at December 31, 2013. The increase in non-performing loans for 2014 is primarily the result of the addition of two commercial real estate loans that were originated prior to 2008.

For the three months ended September 30, 2014, loan loss provisions totaled $\$ 165$ thousand, while $\$ 150$ thousand in provisions were recorded for the three months ended September 30, 2013. For the nine months ended September 30, 2014, loan loss provisions totaled $\$ 575$ thousand, while $\$ 380$ thousand in provisions were recorded for the nine months ended September 30, 2013. The 2014 loan loss provisions were primarily related to increased loan originations and overall loan portfolio growth. Loan charge-offs, net of recoveries, totaled $\$ 1.5$ million for the nine months ended September 30, 2014, compared to net charge-offs of $\$ 1.2$ million for the nine months ended September 30 , 2013 . The net charge-offs for 2014 are concentrated with one of the previously mentioned commercial real estate loans originated prior to 2008, which carried a specific loan loss reserve of $\$ 1.1$ million prior to charge-off. At September 30, 2014, the allowance for loan losses totaled $\$ 6.2$ million and is considered adequate by Management. The allowance for loan losses as a percentage of total loans was $1.27 \%$ at September 30, 2014, compared to $1.64 \%$ at December 31, 2013. The allowance for loan losses as a percentage of non-performing loans, or coverage ratio, was $104.64 \%$ at September 30, 2014, compared to $181.82 \%$ at December 31, 2013.

## Capital Adequacy

At September 30, 2014, shareholders' equity stood at $\$ 74.1$ million or $9.5 \%$ of total assets. The Bancorp's regulatory capital ratios at September 30,2014 were $14.7 \%$ for total capital to risk-weighted assets, $13.5 \%$ for tier 1 capital to risk-weighted assets and $9.1 \%$ for tier 1 capital to adjusted average assets. Under all regulatory capital requirements, the Bancorp is considered well capitalized. The book value of the Bancorp's stock stood at $\$ 26.05$ per share at September 30, 2014.

## About NorthWest Indiana Bancorp

NorthWest Indiana Bancorp is a locally owned and independent bank holding company headquartered in Munster, Indiana, whose activities are primarily limited to holding the stock of Peoples Bank. Peoples Bank provides a wide range of personal, business and wealth management financial services from its 14 locations in Lake and Porter Counties in Northwest Indiana. NorthWest Indiana Bancorp's common stock is traded on the OTC Bulletin Board under the symbol NWIN. The website ibankpeoples.com provides information on Peoples Bank's products and services, and NorthWest Indiana Bancorp's investor relations.

Forward Looking Statements
"Forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995 may be included in this release. A variety of factors could cause the Bancorp's actual results to differ from those expected at the time of this release. These include, but are not limited to, changes in economic conditions in the Bancorp's market area, changes in policies by regulatory agencies, fluctuation in interest rates, demand for loans in the Bancorp's market area, economic conditions in the financial services industry, the Bancorp's ability to successfully integrate the operations of recently acquired institutions, competition and other risks set forth in the Bancorp's reports filed with the Securities and Exchange Commission, including its Annual Report on Form 10-K for the year ended December 31, 2013. Readers are urged to carefully review and consider the various disclosures made by the Bancorp in its periodic reports filed with the Securities and Exchange Commission. Forward-looking statements speak only as of the date they are made, and the Bancorp undertakes no obligation to update them in light of new information or future events.

## Disclosure Regarding Non-GAAP Measures

This report refers to certain financial measures that are identified as non-GAAP. The Bancorp believes that these non-GAAP measures are helpful to investors to better understand current period performance in the presence of a nonrecurring, onetime gain that was realized during July of 2013. This supplemental information should not be considered in isolation or as a substitute for the related GAAP measures. See the attached Table 1 at the end of this press release for a reconciliation of the non-GAAP earnings figures identified herein and their most comparable GAAP measures.
